Description: Start your tour by visiting the Egyptian Museum. Designed by the French architect Marcel Dourgnon, the museum is located in a stunning neo-classical building on Tahrir Square. Its collections exceed 120,000 masterpieces, ranging from the pre-dynastic era to the Pharaonic and Greco-Roman periods. You will get to see Saladin Citadel, designed by the Turkish architect Yousif Boushnaq, who came to Cairo especially from Istanbul to build this impressive building. The mosque's alabaster structure stands in beautiful contrast to the sandstone city. Continue to the Khan el-Khalili Bazaar, one of the oldest bazaars in the Middle East. Discover a maze of alleys that have been at the center of Cairo's trading activities since the 14th century. You will have time to relax over lunch at a local restaurant.

The highlight of this section of your tour is getting close to the Sphinx - the legendary guardian with a lion's body and the head of King Chephren.

Your next destination will be Memphis, the first capital of Lower Egypt and one of the oldest and most important cities in ancient Egypt, located at the entrance of the Nile River Valley.
